- › Display up to 10 Data Series

Graphical Data Viewer
Intuitive, simple and accurate

SmartChart®

GRAPHICAL DATA VIEWER

SmartChart® PC

SmartChart® is Ashridge Engineering's intuitive and simple to use graphical software solution which provides data viewing and printing of up to 10 data series and is compatible with all Ashridge data loggers.

SmartChart® is compatible with all versions of Microsoft Windows from XP to Windows 7. It allows you to view, print and save graphs generated from the data received from Ashridge Engineering data loggers. The data can be received via SMS, GPRS or manually downloaded. You can also import data from other formats and save to a format usable by Smartchart®.

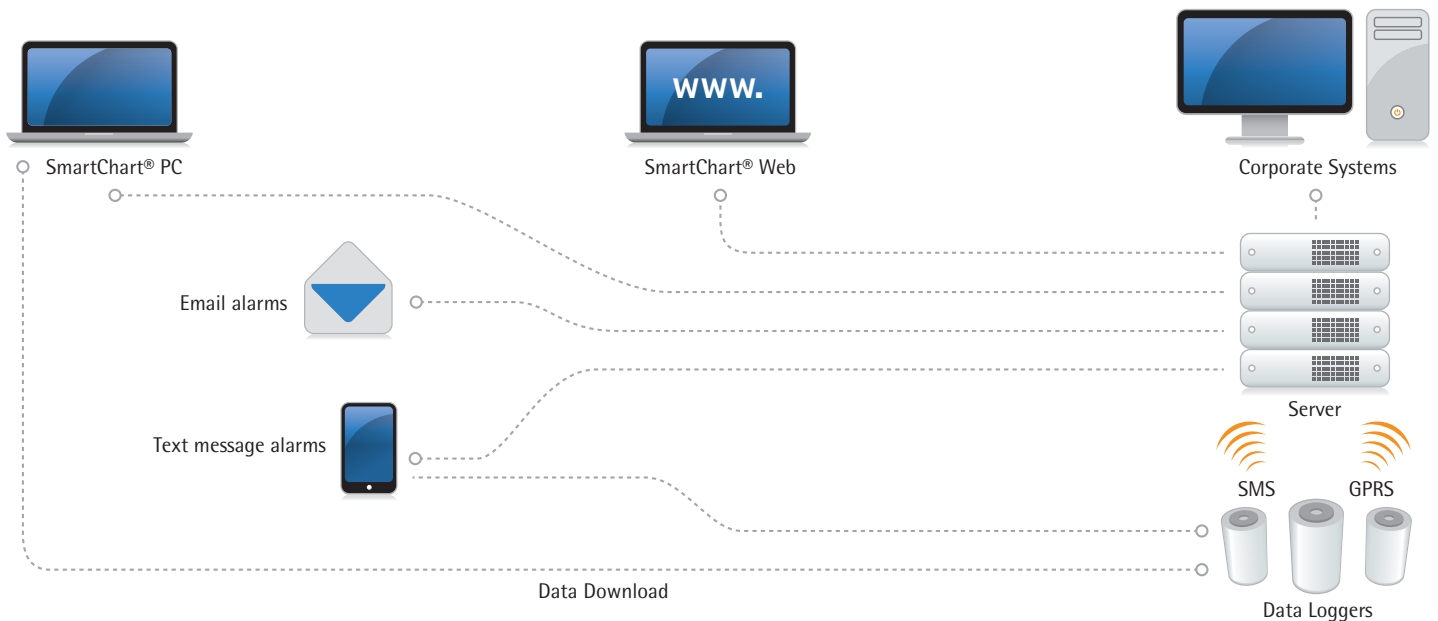

SmartChart® Starter is supplied as standard as part of a starter kit with all loggers, allowing data viewing and printing of individual logger's data.

An upgrade to SmartChart® Pro is available, providing increased capabilities such as report generation, trend lines, merging of graphs to allow easy analysis of multiple loggers/sites on a common axis.

SmartChart® Web Option

SmartChart® Web is Ashridge Engineering's hosted data service, providing a platform for viewing and analysing data with all Ashridge data logging products.

SmartChart® Web features a comprehensive suite of options, and enables fast and reliable data to numerous users without geographical and other complex infrastructure restrictions.
